Dear Parents/Carers,

It was great to see so many of you at the parent/teacher consultations this week. It is a valuable opportunity to share knowledge of the children's learning - something that can be built on during the year.

Please have a go at the challenge below with your child. It is from the Nrich website - their current focus is visualisation. You can find a variety of other activities on their site (link from the school website: useful link: pupils page).

A hundred square has been printed on both sides of a piece of paper. One square is directly behind the other. What is on the back of 100? 58? 23? 19? Can you see a pattern?

Year 6 Parents

Don't forget the deadline for Secondary School Applications is next Friday, 23rd October. Due to the current postal disruption, it has been recommended that anyone who has not yet submitted their form uses the online application system.

Dear Children,

5L- thank you for your assembly this morning. You taught us a lot about rivers, showing you have completed some detailed research. You explained things very clearly and it was great to see how you had linked your learning in geography with music and dance.

You should have received the new winter menu today. Please find some time to talk with your family about the choices available. There will soon be a version on the website that you will be able to use in case you mislay yours.

This week Year 5 interviewed Year 6 about their experiences at Manor Adventure. It was really useful to gain your ideas and thoughts so the School Journey can be even better in the future!

Mr Loukes and Mrs Ball

Year 5 River Trip

Yesterday we went on a trip to Three Valleys Water in Bushy. In the morning we completed an orienteering trail which helped us to practise our map skills. It also taught us more river vocabulary, as we had to answer questions to help us complete the course. We then looked at a model of a river which showed the journey from source to mouth.

At lunchtime we had a recycling challenge and gained a bronze award for managing to reduce the amount of rubbish in our lunch boxes!

In the afternoon we visited the water treatment centre where we found out how our water is cleaned and made safe for us to use.

It was a great day!
