

Sports news

There has been lots happening recently in the world of sport at Fleetville Junior School with events from cheerleading to football and lots in-between taking place. The Cheerleaders started off the week performing their routine in a whole school assembly - It was so popular they were asked to perform it twice! Congratulations to the cheerleading team and their coach TJ Williams for their hard work and dedication. The next fixture on the agenda saw the Fleetville netball girls take on and defeat St. Peters in a 5-2 victory, meaning they are currently undefeated in the league! On Friday the 5th Jack Norman and Peter Errington had a very enjoyable time trying out a variety of different sports at a disability sports event at Hertfordshire sports village. Saturday was also very busy with the Hertfordshire Schools cross country event in the afternoon and the district swimming gala in the evening. Congratulation to Olivia Almond, Maisie Foster, David Andrews, Alex Beard, Jacob Bockenbauer, and Jacob Grisenthwaite, for their performances in the cross country and to Grace Horne for her effort in both the freestyle and backstroke at the swimming gala. On Monday the girls football team had their toughest fixture yet playing the top of the league team, Wheatfields. The girls played very well but unfortunately the final result was 2-1 to Wheatfields - better luck next times girls. Continuing the football theme 8 year five and year six boys were very lucky to be offered the opportunity to spend the morning competing in the 6 a side Watford football tournament. The boys played excellently and managed to finish tied second in the group stages. Unfortunately we narrowly missed out on getting through to the quarter final as we lost out on goal difference. The boys thoroughly enjoyed the experience and we hope to go back next year. The final events of the week were two further football matches, a year five and year six friendly against Wheatfields, the results were 3-3 and 1-1 respectively. For some of the boys this was their first time representing Fleetville in a match and they did us proud.
