

JUNIORGYM

Dear Parents,

Bookings are now open for Autumn 2026!

We will be following a new scheme of work for 2026, the National Gymnastics League.

This is an exciting opportunity for us to link in to a pathway that the gymnasts can follow through schools and into clubs associated with the NGL. It is a gymnastics route that they can continue right through to adulthood if they so wish!

The JuniorGym Proficiency Awards will transfer the skills already learned into appropriate NGL levels according to age and year group. So, the older the gymnasts, the more the routine and skills will challenge them. Routines are revisited throughout the year and signed off as they improve via stamps on their certificate of achievement.

They will also be able to perform their skills in a routine performance day at SAADI Gymnastics Club at the end of the year.

To secure your space for gymnastics with Junior Gym Club in your school, simply click on the link below and then on your school logo for all the details on class dates, times, and easy payment options!
